3. For course descriptions visit the counseling page at www.lcchs.com.

Schedule Adjustment Guidelines

Choose your courses wisely. The choices you make now will determine your 2018-2019 schedule. Keep in mind courses may be cancelled due to insufficient enrollment or staffing restrictions. Schedule changes will not be made to accommodate teacher requests, off-campus classes, or extracurricular and athletic activities.

Mandatory schedule changes will be made for students who completed an approved summer school course or for students who failed a course.

Adding/Dropping courses: requests will be considered during August school business days if:

- it improves integrity of schedule for graduation or college eligibility purposes.
- or if there is space available in an elective class during the same period as the dropped course.

After the first day of school, requests will require a conference with an administrator. If approved, the student may be required to make up missed work.

Level changes will be considered during the first **four weeks** of the semester, **if there is space available**. Prior to any level change being made, student and parent/guardian must have contact with current teacher.

Remaining Courses

All students must account for **seven periods**. . If you are planning for any unscheduled period(s), write the request in the boxes below. Legislation passed by the State of California effective January 1, 2016 requires parental permission for students to enroll in a course period without educational content. If your student has chosen to add an unscheduled course period to his/her schedule, your signature on this form authorizes the school to add an unscheduled course period to your student's schedule and that the pupil **is not** being assigned to a "course period without educational content" because there are not sufficient curricular offerings for the pupil to take during the relevant period of the designated school day."

Using the choices from the electives on the back of this form, **choose remaining courses with alternates to complete your program.**
