HOW TO USE THE CHARGERS

| Tap In |
| Lift the Connector |
| Plug in & Check in |
| Tap out |
| Unplug |

1 You can either 1) tap your phone (with the app signed into your account) or ChargePoint card on the station to unlock the charging connector OR 2) tap the orange "Start Charge" button on the information page on the app.

2 Push the button on the connector to lift it out of the holster.

3 Plug the connector into your electric vehicle and make sure that you are charging (there are often indicator lights on the dashboard).

4 When you get back to your electric vehicle, tap your phone or card on the station to end your session.

5 Unplug the connector and return it to the holster.

HOW TO PAY

Your Power Your Drive charges will be billed by SDG&E separately from your home electricity bill.

Your bill will be mailed to the mailing address you provide when enrolling in the program.

One option is to pay your bill online through MyAccount at sdge.com/MyAccount. Here you can access an itemized statement of the charges on your Power Your Drive bill. Other Bill Payment Options can be found at sdge.com/residential/pay-your-bill.

RATES & COSTS

SDG&E provides an hourly rate to EV drivers.

Hourly prices are sent from ChargePoint the day before at 7:00 pm. The text will provide a link to access 1) the rates and 2) a tool to set your prices.

The ChargePoint app will allow you to set a maximum price that you would like to pay. You can change this maximum price as needed. If the hourly price exceeds your set maximum price, the charging station will stop charging your car.
To view current and historical prices at your site, visit sdge.com/pyd-map.
